Welcome!

Garden kitchen 2011
Will take place from June.

We will meet at the Residential study centre at 10 am.
– the isunne team welcome you!

The day starts with a short introduction. Each participant is equipped with literature, tools and appropriate materials.

We will give an introduction, provide you with facts, sound advice and inspiration to start your own project.

We will go through the basics for creating a simple:

Drawing/construction

Model/size

Choice of materials

We will mix theory och practical exercises:

Landscaping

Soft landscape materials

Soil

You will be able to take part in all the elements of the process and we will have lunch at our convenience. When the day is over, you will hopefully have gained enough inspiration to create you own garden kitchen.

Other suggested activities are: tomato sampling, concrete casting, tree grafting, fishing and woodland hiking. Find out more at www.isunne.se.
