Welcome!

Tomato sampling 2011 will take place from June.

Tomatoes are great!

A pleasant event suited for companies or individual groups where we spend a morning or afternoon sampling 10 to 20 different tomato varieties.

We will provide you with a background and a sample of all the thousands of existing tomato varieties with regards to colour, shape & size.

Here you will be given the opportunity to create your own top ten list after your own taste. You will be able to decide which characteristics you want to measure. Below is a list of some suggested taste descriptions:

Sweet Bitter Sour Wooden Intense

We will conclude with some practical tomato hints.

Tomatoes contain an antioxidant called Lycopene which can be found in its yellow-red colour.

Welcome to a tasty experience!

Other suggested activities are: garden kitchen, treasure hunt, concrete casting and woodland hiking. Find out more at www.isunne.se.
